→ SoP is not to avoid friction amongst various organs of states but to protect people from autocracy by means of inevitable friction due to distribution of power.

→ Basic purpose of SoP is to divide Governance against itself by creating distinct centre of power so that they could prevent each other by threatening Tyranny.

Interpretation of the Concept of Separation of Powers:

State of U.P. v/s ~~U.P.~~ JEET S. BIST

In a positive way, SoP defines the minimum content of power exercised by each organ and in negative sense, SoP puts limit on exercise of power by each organ.

+ve : gives minimum power to all organs of govt.

Principles of Separation of Power.

✗ Exclusivity Principle
Structural division of all 3 organs of State.

✗ FUNCTIONAL Principle
It prohibits Amalgamation by usurption but not Interaction of all the organs of state. (Functional Convenience)
