16. "News Media and Digital Platforms Mandatory Bargaining Code", which was making news, is associated with which country?

- [A] United States
- [B] Australia
- [C] China
- [D] UAE

Answer: Australia

Australia has passed a new law, which will require digital platforms like Facebook and Google to pay local media outlets and publishers to link their content in news feeds or search results.

The "News Media and Digital Platforms Mandatory Bargaining Code" aims to remunerate the news media businesses for the content they generate. Earlier, Google agreed to pay the publishers for news content in France.
