

55

order to legitimize his position religiously.

This expedition of Napoleon affected the prestige of Austria.

→ Napoleon even attacked the region of Germany which were under Austrian domination. The Germany was divided into more than 300 smaller states without any sense of unification. Napoleon created 39 larger states in Germany which was termed as CONFEDERATION OF THE RHINE.

In this way Napoleon promoted sense of political unification even in Germany.

BRITAIN EXPEDITION

Napoleon decided to deal with the greatest enemy, Britain with a diff. approach. He realised that the British supremacy is based on MARITIME commercial relations with colonies of Asia & Africa, which was opened through Suez Canal that connects two water bodies The Red Sea & the Mediterranean Sea.
