3. Correct Answer: C

Explanation

Solution (c)

Statement Analysis:

Statement 1	Statement 2	Statement 3
Correct	Incorrect	Correct
Ethanol blending in petrol is an effective way of increasing domestic petrol availability and for that, all-round efforts need to be made to increase the production of ethanol.	In spite of a steady increase in ethanol production, India remains a net importer of ethanol (for all end uses).	In India, ethanol production is mainly done using sugarcane as feedstock
