

- (c) 1 and 3 only
- (d) 1, 2 and 3

64. With reference to Semi-conductor policy of Government of India, consider the following statements:

1. As per it government will provide up to 50% of Project cost for two semiconductor and two display fabrication established in country.
2. Under it India Semi-Conductor mission will be set up.
3. This new policy is in line with the earlier National Policy on Electronics 2019 (NPE 2019).

Which of the statement/s given above is/are correct?

- (a) 1 and 2 only
- (b) 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

65. Consider the following systems:

1. Emissions Trading System
2. Carbon Tax
3. An offset mechanism

Which of the above is/are types of Carbon Pricing Mechanism?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

66. With reference to Wheat production in India, consider the following statements:

1. Indian wheat is largely a soft/medium hard, medium protein, white bread wheat.
2. Wheat grown in central and western India is typically hard, with high protein and high gluten content.
3. Wheat crop in India is grown under six diverse agro-climatic zones.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

67. The climatic factors most important for this plant's growth are temperature and rainfall. No variety can withstand a temperature in the vicinity of 0 °C. Temperatures between 23 and 28 °C are the most favourable. Rainfall of around 150 cm to 200 cm per year is required. They are traditionally been cultivated in the shade of other trees, which mimics the natural growing conditions of the plants in a forest understory. Conservation of soil and moisture is very crucial for its plantation.

Which of the following crop is the above paragraph referring to?

- (a) Coffee
- (b) Jute
- (c) Rubber
- (d) Palm

68. With reference to Solar Trees, consider the following statements:

1. They help in cooling heat islands.
2. The cost of one unit electricity produced by them is nearly half of produced by roof top solar panel.
3. The shadow area is minimum in solar trees.

Which of the statements given above are correct ?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

69. With reference to Edible Oils in India, consider the following statements:

1. India is one of the major oilseeds grower and importer of edible oils.
