

Positive effects	Negative effects
<ul style="list-style-type: none"> • Increase in average wages given to women • Increase in average wages given to women. • Increase in employment opportunities • Increase in the choices and self-confidence • Structural changes in agricultural production • Increased access to education • Rise in access to healthcare driven by vaccination, institutional deliveries. • Feminization of labour force 	<ul style="list-style-type: none"> • Double responsibilities of women • Delay in marriages • Exploitation on workplaces • Globalization and inequalities • Gender differences in education • Commodification of women • Consumer culture

- **Conclusion:** The role of women in globalization in India has been changing these days. With the rise of NGOs in the 21st century, various organizations have been founded and created to defend the rights of women around the world.

EFFECTS OF GLOBALIZATION ON YOUTH:

Positive effects	Negative effects
<ul style="list-style-type: none"> • Hybridization of western and Indian values • Demand for a cosmopolitan society • Globalization has highlighted the importance of skills • Promoted the idea of global village in youths • More informed youth • Education and enterprise • Change in the attitude towards religion 	<ul style="list-style-type: none"> • Change in the clothing style • Disconnect with elders • Health disorders • Marginalized section of youths • Increased urban migration and unemployment • Consumerist attitude • Status of youth in family • Increased cases of depression and suicide

EFFECTS OF GLOBALIZATION ON TRIBALS:

- **Positive effect:** Improvement of tribal society by improving healthcare; Access to education; National integration; Legal and constitutional protection; Global platforms to tribal's businesses such as on Amazon.
- **Negative effect:** Resource exploitation; Rising unemployment; Vested interests of corporates; Affecting social life; Displacement and eviction from forests; Eroding of Socio-Cultural Heritage; Rise in Pollution; etc.
- **Conclusion:** Thus, tribals have benefited less and negatively affected more due to globalisation and modernization. The impetus is on the government to maintain balance between ancient culture and modern practices and do the necessary.

EFFECTS OF GLOBALIZATION ON ELDERLY:

- **Positive effect:** Advanced healthcare; Better communication mediums; Technological leverage; Economic prosperity; Institutional care; Promotion of ageless society; etc.
- **Negative effect:** Disintegration of joint families; No specific roles; Cultural shock; Impact on savings; Psychological problems; etc.
- **Conclusion:** Globalisation has had a mixed impact on the aged population. When India's demographic dividend recedes, India would be left with a high amount of dependent population who needs to be cared for, therefore government policies and programmes should be crafted with this in consideration.

EFFECTS OF GLOBALIZATION ON LGBTQ+ COMMUNITIES:

Positive effects	Negative effects
<ul style="list-style-type: none"> • Social acceptance • Enhancing Safety • Promoting Inclusivity 	<ul style="list-style-type: none"> • Increased amount of harassment • Jump in the data of homeless in the queer community
