S.(47-48) **Direction for the following 2 (two) item:** Read the following Passage and answer the items that follow. Your answers to these items should be based on the passages only.

**PASSAGE 11**

The development of any country depends fully on the education of its people. Basic education is viewed worldwide as a human right. For this reason, 'The Right of Children to Free and Compulsory Education Act, 2009' came into the picture. All educational innovations require strong community support and participation. 'People's acceptance and participation' can be used as an indicator for measuring the progress of the various programmes. Therefore, to spread awareness among the rural people about the need and significance of education, more efforts have to be taken by the government, educated youth of urban towns and cities, teachers, young scholars, etc.

47. What is the most logical, rational and crucial message conveyed by the passage given above?

- (a) Young scholars have the biggest role to play in the education of a nation such as India
- (b) India has a comprehensive and modernized education policy
- (c) The rural areas of India need more focus in terms of education than the urban areas do
- (d) Education plays a key role in the development of a nation
